

Faculty Appointment “Assistant Clinical Professor (Adjunct)”

This McMaster faculty status appointment is awarded to those who contribute a minimum of 50 hours per year over a 3-year period. Benefits include:

- Mac email address and use of above title
- Free access to online library
- Free (or faculty price) courses from the Program for Faculty Development
- Free access to the Hamilton Integrated Research Ethics Board www.hireb.ca
- Free use of exceptional classroom/meeting space at the One James North campus
- Consideration for funding assistance for travel costs to present at a conference

Initial Application

At the outset when you commit to contributing 50 hours per year over 3 years, we recommend you for this appointment so that you may access the benefits immediately. You will have to complete an application ([click here](#)), and provide your CV in McMaster format ([see guide here](#)). Please email the completed application and CV to Liliana Coman at comanl@mcmaster.ca. There is also a 100 hour/year appointment, which additionally requires three references and research involvement, and has additional benefits.

Activities that count toward the annual hours requirement include:

- Clinical Instructor (taking students on placement)
- PBT Tutor
- Guest Instructor
- MMI Interviewer
- IPE Group Facilitator
- Program Committee Member

On the application form, you have to identify the roles you wish to commit to over the next 3 years. For example:

- In each year, I will take a student on each of Unit 1, Unit 2, and Unit 4 placements
- In each year, I will take a student on a Unit 5 placement, participate as an MMI assessor, and do a guest lecture in Unit 3

During the 3-Year Period

Keep track of your contributions by listing the role, course number, and term in your CV. For example:

- PBT Tutor, SLP721, Winter 2019
- Clinical Instructor, SLP735, Fall 2018
- MMI Assessor

The program inputs the hours associated with each role into the centralized tracking system. See below for a list of the hours associated with each role.

At Renewal Time

The School of Rehabilitation Science reviews the completed roles, student ratings (for CI, tutor, and instructor roles), program needs, and recommendations from faculty members to determine if the appointment will be renewed for another three-year period.

Roles and Associated Hours

TBD – awaiting FHS confirmation
