

Anatomy and Physiology Course Equivalents Across Canadian Universities

Notes

Course codes denoted with * are no longer offered.

All course weights have been converted to the McMaster unit system. A 3.0 weight indicates a course runs for one term (4 months) and a 6 unit course lasts for two terms (8 months).

Below is comparison of the most common course credit systems across a few universities:

U of T Course Weight	Ryerson Course Weight	McMaster Course Weight	USA Course Weight
0.5 or one-half course	1 credit	3 credits	4 credits
1.0 or one full course	2 credits	6 credits	8 credits
